

V30-RA

Standard Scientific Calculator

Manufactured from 40% Recycled Plastic with AntiMicrobial Protection

Actual Size: 6"L x 3"W x 1/2"H

Applications:

- Pre-Algebra
- Algebra 1 & 2
- Geometry
- Statistics
- Trigonometry
- General Math
- General Science
- Biology

Comparable To TI-30Xa*

- Fractions
- Fraction/Decimal Conversions
- One-Variable Statistics
- 3 Memories
- Polar/Rectangular Conversions
- Common & Natural Logarithms
- Universal Powers & Roots
- Trigonometric Functions and Degrees & Radians
- Grads & Hyperbolics
- Degrees, Minutes, Seconds/Decimal Degree Conversion
- Reciprocals & Factorials

Built-In AntiMicrobial Protection: Reduces the growth of Microbes & Bacteria that can cause stains and odors. Share knowledge, not bacteria: Minimize Microbes & Bacteria in the classroom, Maximize Calculating Power!
