## New Victor Products Achieve 2014 National American Office Products Award Recognition

High Rise Collection™ & Smart Charge Docking Stations selected as finalists

Victor Technology is excited to announce the High Rise Collection™ and the Smart Charge Docking Stations have been shortlisted for the 2014 North American Office Products Awards. The awards are organized by Office Products International (OPI), a leading publication for the office products industry in association with S.P. Richards, a leading business products wholesaler. The fifth annual awards program is designed to encourage innovation and give recognition to companies that work to deliver real value for the dealer community. Product entries are open to any company in North America or with a physical presence in North America.

The Best Product Awards categories are designed to highlight creativity and innovation in different areas of the Office Supply Industry.

[The High Rise Collection™](#) is nominated for Best Product in the Furniture Category, because it offers affordable options for quickly converting a sit down desk to a stand up desk. The High Rise Collection™ is a simple solution to a common workplace problem: too much sitting. Studies show that sitting for prolonged periods of time is detrimental to your health. The High Rise Collection™ offers four extraordinary products that allow users to stand while working. This in turn reduces or

eliminates the pain users experience from being hunched over their desks and the negative long-term effects of sitting for long hours. With different price points, a solution is available for every budget. Each product can be used on any desk with no attachments or modifications necessary. With the High Rise Collection™, everyone can stand up for themselves.

[The Smart Charge Docking Stations](#) are nominated for Best Product in the Core Office Product Category. The Smart Charge Collection offers a unique twist to your typical charging dock by targeting the ever-growing community of smart phone, e-reader and tablet users. The Smart Charge Collection offers four exceptional products designed to charge Apple or Micro USB devices. The PH700 & PH750 includes a pencil holder to add more convenience and functionality to your work space. The sturdy wood construction, black matte finish and sleek styling add a touch of luxury to every desk.

## About Victor Technology LLC
