

The Original SEAT SACK® Company

Cup Holder

Securely attach beverages with this versatile, clamp-on cup holder. Easily attach to a student or office worker's desk, chair, music stand, walker, scooter, or wheelchair.

With a clamp-on cup holder, drinks will be held in place, helping to avoid accidental spills, tips, and slips. Now drinks can have a designated area, saving space on the desktop while providing convenient access. Keep important technology equipment, homework, and papers safe from drinks and spills with the cup holder.

FEATURES

Easy to Attach: The cup holder easily attaches with a strong clamp that is lined with a nonslip, textured material. It tightens with a simple twist knob for hassle-free installation on any bar measuring between 1/8" to 1.5" in diameter.

Moveable: Students can take their cup holders from class to class and reuse them every school year.

Expandable Cup-Holder Base: Adjusts to fit water bottles, cans, cups and tumblers of all sizes.

Size Options: Regular and Extra-Large

Total Length: 6"
