

VICTOR®

Model 1560-6

Commercial Printing Calculator

12 digit calculator is perfect for the everyday advanced user, especially in a busy office setting. Easy to use financial, loan and time calculations help you figure net present value, future value, installment loan payments, days between dates and even allows you to print an amortization schedule in just a few keystrokes. Cost/sell/margin keys make for quick and easy profit margin calculations (simply enter two variables and the third automatically appears).
