

VICTOR®

Model CS100

Wireless Phone Charger with Pencil Cup

The Victor Charging Station Collection pairs an elegant and classic design with modern technology for the best charging experience. The CS100 Wireless Phone Charger with Pencil Cup provides an angled ledge to rest your mobile phone while charging the battery and a large pencil cup for storing writing utensils or other daily necessities.

Features sturdy wood construction with a durable double coated matte black finish. Non-slip rubber feet reduce movement and protect your work surface from scratches and scuffs. Convenient 5.4" x 4.6" x 3.7" size easily fits in any location where charging is needed. Perfect for use either in the office or at home. Compatible with all mobile phones that have a wireless charging mechanism. Wall plug not included.
