

VICTOR® DC475

Electric Triple Monitor Standing Desk

The DC475 High Rise Height Adjustable Electric Triple Monitor Standing Desk Workstation is a simple solution to a common workplace problem: too much sitting.

- Transforms any sit down desk into a sitting OR standing desk.
- The 28" wide by 23" deep work surface raises up to 20" above the desktop.
- Electric motor design allows easy custom height adjustment with the touch of a button.
- Allows for ergonomic placement of two monitors, keyboard, mouse, phone and papers while standing.
- Triple monitor holders are height adjustable within a 12.5" range.
- Can alternatively hold two extra large monitors.
- Monitor heights can be adjusted independently of each other.
- Safety sensor stops movement when obstacles are detected under the work surface.
- Durable laminate coating on worksurface is easy to clean.
- Sits on top of current desk or table without any clamps or attachments.
- Heavy steel base prevents tipping.

One Touch: Raise and lower desk with press of a button

Alternative 2 screen configuration for extra large monitors
