

VICTOR® DCX610

Compact Standing Desk

The DCX610 High Rise Compact Standing Desk is a simple solution to a common workplace problem: too much sitting.

- Transforms any sit down desk into a sitting OR standing desk.
- Two-tier design features a large 32.5" wide X 18" deep upper desk surface, accompanied by a 32.5" wide X 13" deep removable keyboard tray.
- Gas spring system allows for smooth and stable height adjustment.
- Raise and lower workstation by lightly squeezing the one lever.
- Desk height (work surface) raises to 19" above the table and keyboard tray raises to 15"
- Compact footprint – easily fits on standard 24" deep cubicle desk (16.5" frame depth)
- Includes two slots on keyboard tray for phone, tablet or writing utensils.
- Removable keyboard tray. Easy to attach in simple two-step process.
- Sits on top of any desk or table. No attachments required.
- Work surface is made from durable MDF with a scratch resistant PVC coating.
- Grommet hole at rear of upper work surface to accommodate a through-hole style monitor mount.
- Desk was designed to accommodate a clamp-style monitor mount as well.

Optional monitor mount with single and dual monitor components available for purchase: DC002
