

VICTOR® DCX710G

Height Adjustable Standing Desk - 31"

The DCX710G High Rise Height Adjustable Standing Desk Converter is a simple solution to a common workplace problem: too much sitting.

- Transforms any sit down desk into a sitting OR standing desk.
- The 31" wide by 23" deep work surface raises up to 20" above the desktop.
- The 30" wide by 14" deep keyboard tray raises up to 14.5" above the desktop.
- Raise and lower workstation by lightly squeezing the one lever.
- Spacious surface area allows placement of monitors, keyboard, mouse, phone and papers while standing.
- Features 2 keyboard slots for mobile devices and writing utensils
- Easy Assembly: Simply attach keyboard tray with latches.
- Sits on top of current desk or table without any clamps or attachments. Heavy steel base prevents tipping.
- Work surface is made from durable MDF with a scratch resistant PVC coating.
- Grommet hole at rear of upper work surface to accommodate a through-hole style monitor mount.
- Desk was designed to accommodate a clamp-style monitor mount as well.
